DMM Records and BPEATS-MUSIC Germany (<https://www.bpeats-music.de>) are entering into a strong musical collaboration. At the heart of this partnership is the joint flagship project Basti & Mike — a duo that transforms Bavarian charm, modern schlager beats, EDM basslines, and pure party culture into a distinctive and unmistakable sound.

Basti & Mike stand for music that is not only heard, but felt: loud, free, danceable, and full of character. Between traditional Bavarian festivals, club floors, Ballermann vibes, and CSD stages, they create a sound that combines a sense of home with modern energy.

DMM Records and BPEATS-MUSIC Germany are the creative forces behind Basti & Mike. Together, both labels are shaping a project that unites identity, emotion, and professional music production — with the ambition to create songs that stay in your head.

This collaboration is more than the union of two music labels. It is a clear statement for creative freedom, Bavarian bass, and music with true personality.
